

Nicolas Bouillon

Belgian, married, 40 years old

Interim manager - Senior Project/Program manager

Resume

"I am an experienced IT professional specialized in interim management and in particular in re-organization of departments in a service-oriented mode. I have in-depth experience in program/project management, also in international environment.

My philosophy is to act as a catalyst in companies where I provide services, using a good mix of strong methodological approach, enablement of existing resources and follow-the-leader dynamics."
